## **Pediatric Thoracic Transplant Recipient Follow-Up Worksheet**

Note: These worksheets are provided to function as a guide to what data will be required in the online TIEDI® application. Currently in the worksheet, a red asterisk is displayed by fields that are required, independent of what other data may be provided. Based on data provided through the online TIEDI® application, additional fields that are dependent on responses provided in these required fields may become required as well. However, since those fields are not required in every case, they are not marked with a red asterisk.

Drugs primarily used for maintenan	ice		
	Prev Maint	Curr Maint	AR
Cyclosporine, select from the following:			
- Gengraf			
- Neoral			
- Sandimmune			
- Generic cyclosporine			
Imuran (azathioprine, AZA)			
Leflunomide (LFL)			
Mycophenolic acid, select from the following:			
- CellCept (MMF)			
- Generic MMF (generic CellCept)			
- Myfortic (mycophenolic acid)			
- Generic Myfortic (generic mycophenolic acid)			
mTOR inhibitors, select from the following:			
- Rapamune (sirolimus)			
- Generic sirolimus			
- Zortress (everolimus)			
Nulojix (belatacept)			
Tacrolimus, select from the following:			
- Astagraf XL (extended release tacrolimus)			
- Envarsus XR (tacrolimus XR)			

- Generic tacrolimus (generic Prograf)  Other drugs  Prev Maint Curr Maint AR  Other immunosuppressive medication, specify:  Other immunosuppressive medication, specify:	- Prograf (tacrolimus)
